

Core::GUI::Constraints

```
classDiagram
    class Core_GUI_Constraints_Window["Core::GUI::Constraints_Window"]
    class Core_GUI_Constraints_Field["Core::GUI::Constraints_Field"]
    Core_GUI_Constraints_Window --|> Core_GUI_Constraints_Field
```

The diagram illustrates a class hierarchy. At the top is a dashed box containing the text 'Core::GUI::Constraints'. Below it is a solid box containing 'Core::GUI::Constraints\_Window'. At the bottom is another solid box containing 'Core::GUI::Constraints\_Field'. A vertical arrow points from the top of the 'Core::GUI::Constraints\_Field' box to the bottom of the 'Core::GUI::Constraints\_Window' box. Another vertical arrow points from the top of the 'Core::GUI::Constraints\_Window' box to the bottom of the dashed 'Core::GUI::Constraints' box.

Core::GUI::Constraints\_Window
