

E2D::execute

```
graph LR; A[E2D::execute] --> B[E2D::loadEvent]; B --> C[Core::readFile];
```

A flowchart illustrating a sequence of three operations. The first operation, 'E2D::execute', is contained within a gray rectangular box. A dark blue arrow points from this box to a white rectangular box containing the second operation, 'E2D::loadEvent'. Another dark blue arrow points from the second box to a third white rectangular box containing the final operation, 'Core::readFile'. All boxes have a black border, and the arrows are horizontal and point to the right.

E2D::loadEvent

Core::readFile
